

ENYI MABEL CHEKWUBE

JUNIOR DATA ANALYST

BUSINESS INTELLIGENCE ANALYST | DATA VISUALIZATION SPECIALIST

Asaba, Delta State, Nigeria | 07044532449 | chekwubemabel@gmail.com | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Junior Data Analyst with practical experience using Excel, SQL, and Power BI to clean, analyse, interpret, and visualise structured datasets. Experienced in exploratory data analysis, chart and dashboard interpretation, quantitative analysis, trend identification, KPI reporting, and translating analytical findings into clear, evidence-based insights. Through data analytics internships and project-based work, I have developed interactive dashboards, and visual reports that communicate complex information clearly and support data-driven decision-making. Detail-oriented, analytical, and committed to accuracy, clear reasoning, and precise communication.

CORE COMPETENCIES

- **Data Analytics & Reasoning:** Data Analysis, Exploratory Data Analysis (EDA), Quantitative Analysis, Data Interpretation, Statistical Analysis, Trend Analysis, Comparative Analysis, Data Validation
- **Data Visualization & Reporting:** Power BI, Dashboard Development, Chart Interpretation, Data Visualization, KPI Reporting, Business Reporting, Performance Monitoring, Visual Storytelling
- **Data Tools & Technologies:** Microsoft Excel, SQL, Microsoft Power BI, Data Modelling, Reporting Automation, Microsoft Office Suite
- **Professional Skills:** Analytical Thinking, Problem Solving, Attention to Detail, Written & Verbal Communication, Team Collaboration, Time Management, Adaptability

RELEVANT WORK EXPERIENCE

Data Analytics Intern

AnalystLab Africa (Remote)

2026

– Present

AnalystLab Africa is a data analytics training and consulting organisation focused on developing practical analytical skills through real-world business projects.

- Analyse business datasets using Excel, SQL, and Power BI to identify trends, patterns, performance changes, and opportunities for improvement.
- Design interactive dashboards and visual reports that communicate business performance through clear KPIs, comparisons, and trends.
- Clean, validate, and transform raw datasets to improve data accuracy, consistency, and reporting quality.
- Interpret analytical results and translate findings into clear, evidence-based business insights and recommendations.
- Apply quantitative analysis to compare performance indicators and identify meaningful patterns within datasets.
- Collaborate remotely with project teams to deliver analytics projects within agreed timelines while maintaining accuracy and reporting standards.

Data Analytics Intern

Decode Labs (Remote)

2026

Decode Labs provides practical technology training and project-based learning in data analytics and business intelligence.

- Performed exploratory data analysis to uncover trends, customer behaviours, and operational insights.
- Analysed structured datasets using Excel, SQL, and Power BI to support data-driven business decisions.
- Developed interactive dashboards and visual reports that simplified complex information and improved data accessibility.
- Interpreted analytical results and communicated key findings through concise visual and written reports.
- Applied analytical reasoning to compare data points, uncover patterns, and draw insights supported by the available data.
- Contributed to multiple project-based analytics tasks while consistently meeting deadlines.

Data Analytics Intern

Codveda Technologies (Remote)

2026

Codveda Technologies delivers technology solutions and provides hands-on learning opportunities in software development and data analytics.

- Cleaned and validated datasets to improve data quality and analytical accuracy.
- Developed SQL queries to retrieve, organise, aggregate, and analyse structured business data efficiently.
- Built Power BI dashboards to communicate KPIs, trends, comparisons, and operational performance.
- Analysed data to identify meaningful patterns and support objective, data-driven conclusions.
- Collaborated with project teams to deliver analytical solutions aligned with defined business objectives.
- Applied structured visualization and reporting practices to communicate analytical findings clearly.

ADDITIONAL WORK EXPERIENCE

Sales Associate

Mama Adaobi's Store, Ogbete Main Market, Enugu | Previous Employment

- Delivered excellent customer service that encouraged repeat business and strengthened customer relationships.
- Processed daily sales transactions accurately while maintaining organised sales records.

Quality Assurance Assistant (Industrial Training)

Sing Fu Sung Table Water Company | June 2022 - December 2022

- Conducted quality inspections on raw materials, production processes, and finished products to ensure compliance with company standards.
- Documented inspection findings and maintained accurate quality control records.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Data Analytics Trainee Program - TS Academy
2026
- Data Analytics Internship - AnalystLab Africa (Ongoing)
- Data Analytics Internship - Decode Labs
2026
- Data Analytics Internship - Codveda Technologies
2026

DATA ANALYTICS PROJECTS

Customer Churn Analysis

- Analysed customer behaviour and engagement data to identify major churn drivers and retention patterns.
- Built an interactive Power BI dashboard to visualise customer retention trends, KPIs, and business performance.
- Interpreted visual and analytical findings to generate actionable insights that could support customer retention strategies.

Fleet Management Dashboard

- Designed a comprehensive Power BI dashboard to monitor fleet operations and driver performance.
- Analysed operational KPIs, safety metrics, and efficiency indicators to identify performance patterns.
- Presented operational information through Interactive visualizations to improve reporting visibility and support performance analysis.

EDUCATION

Bachelor of Science (B.Sc.) Biochemistry (Second Class Honours)

Ebonyi State University

2019 - 2023

- **Relevant Coursework:** *Statistics, Research Methods, Data Analysis*
